

Waterhog Logomat™

(10mm - Heavy Traffic)

Queen Mats

For Indoors and outdoors

Capture dirt before it ever gets to your floors with 10 mm thick. Their crush-resistant nubs handle heavy foot traffic both indoors and outside your premises as they scrape dirt, mud and sand from shoes and trap it. Protect your floors from the ravages of mud, sand, water and grime with a “Waterhog” entry mat. Waterhogs are inlays not printed! The logo or message is specially cut out of different mat colors. These mat sections are then pieced together and bonded to a rubber backing to create a beautiful, long-lasting and practical image mat for any workplace.

Available in any size.
